To Whom it May Concern,

On behalf of The Tallahassee-Leon County Office of Economic Vitality support the collaboration between the Greater Tallahassee Chamber of Commerce, Office of Economic Vitality, Leon County Schools, Tallahassee Community College, Lively Technical College, and CareerSource Capital Region to support youth and adults in our community, particularly those who are underserved and underrepresented, in career awareness, career exploration, college and career preparation, and job seeking through the expansion of the TalentHub platform.

TalentHub was launched in 2020 through funds provided to the Chamber from the Office of Economic Vitality CARES funds. TalentHub is an interactive workforce development platform that links recruitment, skill-building and career navigation into one comprehensive system, deployed online and offline, as a website and native mobile apps.

We support the Chamber's efforts to provide a platform free to all users to connect students, teachers, parents, community organizations, employers, and job seekers. With two jobs available for every job seeker, this platform provides a simple way to train and connect Leon County youth to local internships and jobs.

Sincerely,

Cristina L. Paredes, CEcD, Director,
Tallahassee-Leon County Office of Economic Vitality
